2. COMMUNICATE

Let your employees know about the event and promote participation

Watch the webinar and consider optional wellbeing activity

- If watching it as a group, set up the space e.g meeting room, staff area etc.

4. DBRIEF

Share takeaways and decide on your next wellbeing step.

- Debrief as a team and ask one or two quick questions:
 - What stood out to you?
 - What one wellbeing action could we take away and try?
- As a leader, reflect on your longer-term approach to employee wellbeing and consider whether a structured framework — such as the [SME WellBusiness Charter](#) — could support your next steps.

Subject: National Workplace Wellbeing Day Celebration

Hi everyone,

As part of National Workplace Wellbeing Day, we'll be joining a short online session hosted by Chambers Ireland and the SME WellBusiness Charter. The webinar looks at how we can all work in a healthier way — as a workplace, as teams, and as individuals — and is designed specifically for SMEs with simple, practical ideas we can apply straight away.

The session includes a keynote from performance psychologist Gerry Hussey, along with insights from leading SMEs Serosep and Cork Chamber, who will share real experiences from their wellbeing journeys.

Here's what we're doing:

We will all be taking part in this session and will send a calendar invite so everyone has protected time blocked out.

We will be: [watching together / watching individually / offering both options].

After the webinar, we will: [debrief straight away / discuss at our next team meeting / share one quick takeaway on Teams].

Optional We will also mark the day by: [team walk / coffee social / finishing a little early / no-meeting hour / optional activity of your choice].

Webinar registration link - [Click here](#) to register and find out more details.

Thanks in advance for taking part — it's a great chance to pause, reset, and bring some fresh wellbeing ideas into our daily work.

Thanks,

ADDITIONAL IDEAS

These activities are completely optional — the webinar on its own is a great way to mark National Workplace Wellbeing Day. But if you'd like to add something extra to make the day feel more special in your workplace, here are some simple, practical ideas that you can easily do before or after the session.

Free Options

Team Walk

A short walk together to reset, connect and debrief on the event.

Coffee/Tea Social

Have a cup of tea or coffee and take some time to chat informally as a team before or after the event.

Early Finish

Wrap up the workday a little earlier to give everyone extra time to rest and recharge.

Wellbeing Hour

Give everyone a dedicated hour during the day to do what supports their wellbeing best.

Thank You Moment

Go around the group and share one thing you appreciate about the team.

No-Meeting Block

Choose a block of time in the day when no calls or meetings are allowed.

Low Cost Options

Add Some Snacks or Treats

If you have a small budget, adding some healthy snacks, treats or drinks can make the webinar feel a bit more special — and it's a great way to encourage people to join in.
